Article 19 (Comprehensive Policies for Sustainable Management) (1) The Government shall

formulate and implement comprehensive policies every five years to encourage corporations to promote activities for sustainable management (hereinafter referred to as "sustainable management") that take into account economic profitability, environmental soundness, and social responsibility. <Amended on Dec. 12, 2017>

(2) Comprehensive policies under paragraph (1) shall include the following matters: <Amended on Dec. 12, 2017>

1. Basic direction and goals of policies to promote sustainable management of corporations;
2. Measures to cope with international standardization and regularization of sustainable management;
3. Measures to sharpen industrial competitiveness through sustainable management;
4. Measures to encourage companies to autonomously establish and expand a foundation for sustainable management.

(3) The Minister of Trade, Industry and Energy shall formulate and implement annual implementation plans according to the comprehensive policies under paragraph (1). <Amended on Dec. 12, 2017>

(4) The Government may provide necessary support to encourage companies to autonomously promote sustainable management. <Amended on Dec. 12, 2017>

(5) The Minister of Trade, Industry and Energy may designate institutions or organizations related to supporting companies as sustainable management support centers to efficiently promote sustainable management of enterprises. <Newly Inserted on Dec. 12, 2017>

(6) The Minister of Trade, Industry and Energy may provide sustainable management support centers with contributions or subsidies necessary for performance of their affairs and operation of the centers within budget. <Newly Inserted on Dec. 12, 2017>

(7) The Minister of Trade, Industry and Energy may revoke the designation of sustainable management support centers if they fail to meet the qualification requirements referred to in paragraph (9). <Newly Inserted on Dec. 12, 2017; Jun. 10, 2022>

(8) Where the Minister of Land, Infrastructure and Transport revokes the designation under paragraph (7), he or she shall hold hearings under the Administrative Procedures Act. <Newly Inserted on Jun. 10, 2022>

(9) Matters necessary for designation and revocation of designation of sustainable management support centers and their operation shall be prescribed by Presidential Decree. <Newly Inserted on Dec. 12, 2017; Jun. 10, 2022>

ADDENDA <No. 17530, 20. Oct, 2020>

This Article shall enter into force six months after the date of its promulgation.
